List of Public International Organizations

The following is the list of public international organizations (PIOs) and international agricultural research centers (IARCs) that are considered public international organizations for the purposes of [ADS 308](#) on [agreements with](#) public international organizations. It will be updated periodically as organizations are added, deleted, or re-categorized. Any comments [\(including proposed revisions\)](#) to this list should be provided [by email](#) to the Delegated Cooperation Secretariat (DCS) at: dcsc@usaid.gov.
